

DOES WOOL BURN?

Fabric type	My predictions		My observations
<i>polar fleece</i>	<i>crumble</i> <i>burn quickly</i>	<i>burn slowly</i> <i>melt</i>	
<i>cotton</i>	<i>crumble</i> <i>burn quickly</i>	<i>burn slowly</i> <i>melt</i>	
<i>wool</i>	<i>crumble</i> <i>burn quickly</i>	<i>burn slowly</i> <i>melt</i>	

Draw a circle around the name of the fabric you think is the safest if there is a fire and explain your choice below.

polar fleece *wool*

cotton

Name:
